RE: Environmental Health Chapter for the ASHRAE Handbook

The chapter on Environmental Health for the 1993 ASHRAE Handbook of Fundamentals was submitted on August 11, 1992 by the Environmental Health Committee. The material on ETS was not expanded. The draft chapter had been reviewed and found to be "relatively innocuous as to ETS".

I will monitor additions on ETS and respirable particles which will be included in the next revision due in 1997.
